

SQUARE TECH EMPOWERS YOUTH WITH THE TECHNICAL SKILLS NEEDED FOR THEIR FUTURE AND COMMUNITY.

Web Design College Class

Square Tech Is a Training Program with a paid internship that recruits High School youth in 11th & 12th grades between ages of 16 – 19. This tech-based youth training program engineers a foundation of learning and developing skills through a series of technology-based training workshops. Our young training interns are learning skills to become successful in the technology field while building lasting friendships with their peers and adults.

College Level Course at Franklin Cummings Tech (formerly Benjamin Franklin Institute)

Through our Square Tech Training Program, you can take a Web Design Class in-person at FCT, earn a stipend, and upon completion can receive three college credits.

This course will teach student the principles and concepts of designing and creating WEB pages in an HTML format. The course is designed to expose student to the constructs of HTML tags, the attribute modification of HTML tags, the incorporation of CSS tags, CSS pseudo tags, dynamic effects using styles, and class assignments. Students will use Dreamweaver to deploy their projects.

Interns will also take one workshop with Square Tech they will get to choose this once they are accepted.

This is an in-person class it is a 10-week paid training internship. Start date is October 10 and will end December 18, 2023

Schedule: BFIT Monday and Wednesday 4:30-7:30 pm, one day at Square Tech from 4-6 pm.

Interested students can apply at www.cstoboston.org/square-tech to fill out the online form. If you have any questions, please contact Irene Matos Chan at ichan@cstoboston.org.
